Stakeholders

Stakeholders will be reconvened when safe to do so. Until then, we have been working to provide opportunities for engagement through workgroup meetings and input on the family engagement measurement process. SSIP updates to the field have continued to be provided in Partners' newsletters.

Family Engagement

Leadership Teams continue to build their capacity around family engagement practices and have supported local teams' use of coaching strategies during live video visits. Teams have continued reflection opportunities in their local areas. The fidelity tool, developed in conjunction with our technical assistance partners, has been shared with the performance support workgroup and leadership team members. Final edits to incorporate their feedback and development of a user guide are underway.

Leadership team members also helped develop a [tipsheet for engagement](#) which can be found on the EITP website.

Annual Report

Our Annual Performance Report is due February 1, 2021 with the SSIP due April 1, 2021. OSEP has provided a template for SSIP reporting. They have also changed SSIP reporting for future years. These changes include consolidating the date for APR and SSIP submission and increased expectations for stakeholder input. New targets for the State Performance Plan and expanded SSIP efforts will need to be considered in the coming year.
