Re: 835 Files Issued by the Early Intervention Central Billing Office dated 7/14/2022

This notice is being issued to inform Early Intervention 835 recipients that there was an error in the 835 files issued by the Central Billing Office on July 14, 2022. The 835 files included claims for dates of service on and after 7/1/2022 that are subject to new rates approved by the Governor JB Pritzker on June 13, 2022. The new rates were not reflected in the 835 files that were issued and are still waiting for final approval by Health and Family Services (HFS). The Early Intervention Central Billing Office is working to correct the oversight and will issue replacement 835s as soon as possible. We apologize for the inconvenience this may have caused.
